Aldrin E. Generoso

Software Engineer | Computer Science Student
aldringeneroso1@gmail.com | +639941383113 | Bacoor, Cavite, Philippines
LinkedIn | github.com/aldringeneroso

PROFESSIONAL SUMMARY

Computer Science student at Cavite State University - Bacoor City Campus, developing web applications and games. Experience includes an MIS internship at B Hotel and academic projects in software engineering, game development, and floor-plan analysis.

FEATURED PROJECTS

Unnamed Fantasy: A Promise Kept

Godot 4 | Dialogic 2 | JSON

- Visual novel and action-RPG hybrid built with Godot 4, with modular systems for health, economy, affection tracking, and day progression.
- JSON-based multi-slot save/load, signal-driven communication, and branching narrative events using Dialogic 2 and custom game-state management.

AI Floorplan Analysis

React | FastAPI | MySQL | OpenCV | Three.js

- Floor-plan analysis and electrical planning application for VED Electrical Services, with upload and review of detected rooms, walls, and electrical symbols.
- Synchronized 2D/3D layouts, electrical routing, and material-based cost estimates; project technologies include React, FastAPI, MySQL, OpenCV, and Three.js.

EXPERIENCE

MIS Intern | B Hotel

EDUCATION

BS Computer Science SEP 2024 - PRESENT
Cavite State University - Bacoor City Campus

BS Computer Science SEP 2023 - JUN 2024
Asian Institute of Science and Technology - Dasmariñas

Science, Technology, Engineering, and Mathematics AUG 2021 - JUL 2023
South East Asia Institute of Trade and Technology

TECHNICAL SKILLS

Languages & interfaces: JavaScript, Python, HTML, CSS
Data & development tools: MySQL, Git, GitHub, Figma
Game development: Godot 4, Dialogic 2, JSON save/load, Signal-driven systems

CERTIFICATION

Operating Systems Basics | Cisco Networking Academy | Jun 2026
